Re: Docket No. 2009-489-E

Gentlemen:

I hereby totally oppose the huge increase in rates proposed for the South Carolina  
Electric and Gas Company.

Many of us are struggling to keep afloat in this economy. We have economized as much  
as possible. This is one more increase we just simply cannot afford.

I hope you will give consideration to our requests.

Thank you.

Sincerely,

Willma Combs
